### **The Path to Healthier Lifestyles**

The Salem County Department of Health and Human Services and the Salem County Facilities Management broke ground July 8th on a new walking path at the Salem County Recreation Park in Oldmans Township. The ADA compliant path is 6 foot wide and 2200 feet long and wraps around a softball and soccer field. The path was funded by a Shaping NJ grant and the Salem County Board of Chosen Freeholders. The Salem County Health Department is committed to the promotion of healthier lifestyles to our residents. Although the walking path will be completed by mid-August and available for use, the official opening is being scheduled for September. The Salem County Recreation Park is located at the corner of Perkintown Road and Route 130, across from the DOD facility.
